A FRICTIONLESS EXPERIENCE FOR YOUR CUSTOMERS

Text2Enter

The future of parking is contact-free, and with Parkonect, so is the present. In combination with our best-in-class mobile parking reservation and payment solution, ParkWhiz—which turns your customers' smartphone into a handheld pay-on-foot station—Text2Enter makes it simple to provide a contactless customer experience without requiring an app.

CUSTOMERS SIMPLY

- 1 Text 'PARK' to 312-626-3421 or scan the provided QR code
- 2 Instantly receive and scan E-pass
- 3 Receive a 'welcome text' with a link for payment and validation
- 4 Pay directly through their mobile phone via ParkWhiz.com
- 5 Click to receive an eReceipt

No different than a printed ticket, the E-pass uses your asset's rate tables and validation programs—we've just simplified the process. And, as a built-in feature to the Parkonect platform, Text2Enter is available now at all Parkonect-equipped assets across the nation.
